Plan Deductibles and Lifetime Maximums

Deductible

Deductible is the first dollar amount paid by each of the Insured Persons of the allowable charges for eligible medical treatment expenses during each policy year before the Policy benefits are applied. Deductibles for Out of US and US In-Network accumulate on a combined basis. Deductibles are shown on the medical Identification Card and the Policy Face Page.

Application of Deductible

When claims are presented to Insurer, the allowable charges will be applied towards the Deductible, and if applicable will then be calculated and reimbursed at the percentage listed on the Schedule of Benefits. Once the Deductible has been satisfied, all allowable expenses will be paid at 100% of UCR up to the listed maximum amounts outlined in the Schedule of Benefits. There is no carryover of deductible from one policy period to another if an additional period of coverage (less than 364 days) is issued by the Company.

Lifetime Maximum

Certain payment of Benefits are subject to a lifetime aggregate maximum per individual Insured Person as indicated in the Schedule of Benefits, as long as the Policy remains in force. Annual Policy Period Maximum

Certain aggregate payment of benefits or days covered as indicated in the Schedule of Benefits as long as the Policy remains in force. The period covered is up to 364 days. If an additional period of coverage (less than 364 days) is issued by the company, Your original effective date will be used in calculating the 364 day period.

Preferred Provider Network

The Company maintains a Preferred Provider Network. For information on the providers and facilities within the Preferred Provider Network, consult GBG Assist at the number on the medical I.D. card or www.gbg.com. **Please refer to Pre-Authorization Requirements and Procedures.**

In-Network providers have agreed to accept a negotiated discount for services. The ID card contains the logo for the network. Present it to the physician or hospital. All benefits must be obtained through Network Providers.

All other Countries: The Insured may utilize any licensed provider. However, we suggest the insured contact GBG Assist to locate a provider with a direct billing arrangement with the Insurer.

The Company retains the right to limit or prohibit the use of Providers, which significantly exceed usual, reasonable and customary charges.

Pre-Authorization Requirements and Procedures

Certain designated services require Pre-Authorization, and Insureds are required to follow the procedures outlined below. In certain geographic areas, or in accordance with specific policy features,

Pre-Authorization is a process by which an Insured Person obtains approval for certain non-emergency, medical procedures or treatments prior to the commencement of the proposed medical treatment. This requires that the Insured Person submit a completed Pre-Authorization Request form to GBG Assist a **minimum of 5 business days prior** to the scheduled procedure or treatment date. GBG Assist will review the matter and respond to the Insured Person. To assure full reimbursement for covered services, written approval from GBG Assist must be received by the Insured Person prior to the commencement of the proposed medical treatment.

The following services require Pre-Authorization:

- Hospitalization
- Outpatient Surgery
- All Cancer Treatment in excess of \$10,000 (Including Chemotherapy and Radiation)
- Home Health Benefits including Private Duty Nursing, Skilled Nursing, and Visiting Nurse
- Air Ambulance – Air ambulance service will be coordinated by Insurer's air ambulance provider
- Specialty Treatments and Highly Specialized drugs
- Physical Therapy and Rehabilitation Services
- Any condition, including cancer treatment or any chronic condition, or outpatient services which do not meet the above criteria, but are expected to accumulate over \$5,000 of medical treatment per policy year.

The Insured Person must obtain a letter of authorization, prior to the performance of those services for both Pre-authorization requests and Network information. Customer Service representatives are available 24 hours a day, every day. Network facilities can also be found at www.gbg.com.

Please note: some treatment requests may require longer than 5 days for the review process to be completed.

Medical Emergency Authorizations must be received within 48 hours of the admission or procedure. In instances of medical emergency, the Insured should go to the nearest Hospital or provider for assistance even if that Hospital or provider is not part of the PPO Network.

Failure to obtain pre-authorization will result in a 40% reduction in payment of covered expenses. Any such penalty will apply to the entire episode of care. If treatment would not have been approved by the pre-authorization process, all related claims will be denied.

Notwithstanding the requirement to pre-authorize:

- Pre-Authorization approval does not guarantee payment of a claim in full, as deductibles, charges in excess of Usual, Customary and Reasonable and out of pocket charges may apply.
- Benefits payable under the Policy are still subject to eligibility at the time charges are actually incurred, and to all other terms, limitations, and exclusions of the Policy.
