1. SCHEDULE OF BENEFITS

This Schedule of Benefits and Policy Face Page form part of the health insurance Policy and are a summary outline of the benefits payable under the Policy. All benefits described are subject to the definitions, limitations, exclusions, and provisions of the Policy Face Page and the Schedule of Benefits. Optional benefits that have been purchased will be listed on the Policy Face Page. All dollar ($) amounts are shown in USD.

The following benefits are per person per Policy Period and subject to the Insured’s Policy Period Deductible. After satisfaction of the Policy Period Deductible, Insurer will pay the eligible benefits set forth in this Schedule at the allowable charge, which is defined as Usual, Customary, and Reasonable (UCR). This is the lower of: a) the Provider’s usual charge for furnishing the treatment, service or supply; or b) the charge determined by the Insurer to be the general rate charged by the others who render or furnish such treatments, services or supplies to persons who reside in the same country and whose injury or Illness is comparable in nature and severity.

Benefits will be paid on a Usual, Customary, and Reasonable basis, subject to Policy exclusions, limitations and conditions, for the charges listed, if they are:

- Incurred as a result of sickness or accidental bodily injury, under the care of a physician, and
- Medically Necessary; and
- Ordered by a physician; and.
- Delivered in an appropriate medical setting.

2. GENERAL PROVISIONS

The declarations of the Policyholder and eligible dependents in the application serve as the basis for the Policy. If any information is incorrect or incomplete, or if any information has been omitted, the Policy may be rescinded, cancelled or modified. Any references in this Policy to the Policyholder, the Insured and his dependents that are expressed in the masculine gender shall be interpreted as including the feminine gender whenever appropriate.

2.1 Policyholder, the covered person whose name is indicated in the Policy Face Page as “Policyholder”, hereinafter shall be referred to as the “Policyholder”.

2.2 Insurer, the Second party, GBG Insurance Limited, hereinafter shall be referred to, sometimes collectively, as the “Insurer”, “We” “Us”, “Our” or “Company”.

2.3 Entire Policy and Changes

This Policy, Policy Face Page, Schedule of Benefits, the Policyholder application, and any amendments or endorsements (if any) comprise the entire contract between the parties.

No change may be made to this Policy unless it is approved by an officer of the Insurer. A change will be valid only if made by a Policy endorsement/rider signed by an officer of the Insurer, or an amendment of the Policy in its entirety issued by the Insurer. No agent or other person may change this Policy or waive any of its provisions.

The Policyholder understands and agrees that the Policy purchased is written on an annual basis and premium is due for the Policy Period, regardless of the Premium payment mode agreed to by the Insurer as shown on the Policy Face Page.

2.4 Right to Examine

When the Policy is initially approved, the Policyholder will be allowed to cancel this Policy within 14 days after the payment is received by the Company. If no claims have been made under the Policy, the Insurer will refund any Premiums paid.

2.6 Policy Disclaimer

This GBG Insurance Limited Policy is an international health insurance Policy. GBG Insurance Limited is an insurance company incorporated in Guernsey with registration number 42729 and licensed by the Guernsey Financial Services Commission to conduct insurance business under the Insurance Business (Bailiwick of Guernsey) Law, 2002 as amended. This Policy shall be governed by and construed in accordance with the laws of England and Wales and each party agrees to submit to the exclusive jurisdiction of the courts of England and Wales. The Insured should be aware that laws governing the terms, conditions, benefits and limitations in health insurance policies issued and delivered in other countries including the United States are not applicable to this Policy.

If any dispute arises as to the interpretation of this document, the English version shall be deemed to be conclusive and taking precedence over any other language version of this document.

2.7 Premium Payment

This Policy is written on an annual basis and all Premiums are payable before coverage under this Policy is provided. The Insurer may allow for Premium to be paid on an approved payment cycle, as reflected on the Policy Face Page. All coverage under this Policy is subject to the timely payment of Premium and is due upon receipt of the invoice sent by the Insurer. Payment must be in the currency approved and any other forms of currency shall not be accepted and will be considered as non-payment of Premium.

2.8 Late Payment Provision

A period of 30 days will be allowed for payment of any Premium, after the Premium payment due date. The Insurer will suspend coverage during this period if the Premium is not received. If the Premium is received during the 30-day period, the coverage will resume without any interruption in coverage. If the Premium due is not paid, the Insurer will cancel the Policy as of the Premium due date.

All unpaid Premium through the date of cancellation and any other Premium adjustments assessed as a result of cancellation are the obligation of the Policyholder. There will be a service fee for any checks returned for insufficient funds, closed accounts, or for stop payments on checks. Returned checks will be treated as non-payment of Premiums.
2.9 Cancellation
The Company reserves the right to cancel the Policy as described below:

- This Policy will be canceled for non-payment of the Premium, although the Company may at their discretion reinstate the coverage if the Premium is subsequently paid.
- If any Premium due from the Policyholder remains unpaid, the Company may in addition defer or cancel payment of all or any claims for expenditures incurred during the period it remains unpaid.
- While the Company shall not cancel this Policy because of eligible claims made by any Insured, it may at any time terminate an individual or any of their eligible dependents or subject the Insureds coverage to different terms if the individual or the Policyholder has at any time:
  - Misled the Company by misstatement or concealment;
  - Knowingly claimed benefits for any purpose other than are provided for under this Policy;
  - Agreed to any attempt by a third party to obtain an unreasonable pecuniary advantage to Our detriment;
  - Failed to observe the terms and conditions of this Policy, or failed to act with utmost good faith.

The Insurer retains the right to cancel, non-renew or modify a Policy on a Class basis, and the Insurer will offer the closest equivalent coverage possible to the Insured. No individual Insured shall be independently penalized by cancellation or modification of the Policy due solely to poor claim record.

If the Company does cancel this Policy, they shall give 30 days’ notice. The Company will refund the unearned portion of the Premium minus administrative charges and Policy fees.

If the Policyholder or a dependent cancels the Policy after it has been issued, reinstated, or renewed, the Insurer will not refund the unearned portion of the Premium. In case of death of any Insured covered in this Policy, the Company will refund the unearned Premium minus administrative fees, if the death was caused by a condition covered under this Policy.

2.10 Policy and Rate Modifications
The Policy term begins on the Effective Date of the Policy as shown on the Policy Face Page and ends at midnight, 365 days later. The Policy terms and rates shall be guaranteed for one year. The Insurer has the right to change the Policy terms or Premium on the renewal date. The Insurer will notify the Policyholder of any such change to Policy terms or rates, at least 30 days before the change is made.

2.11 Change of Product or Deductible Plan
The Policyholder may only request to change to another product or Deductible plan at the anniversary date of the Policy. The new product/Deductible plan chosen must be available in the current Country of Residence. The request for change must be submitted in writing and received before the anniversary date. Some requests will be subject to underwriting – for those cases a Health Application will be requested and approval is not guaranteed.

During the first thirty (30) days from the effective date of the change, benefits payable for any Illness or injury not caused by Accident or infectious disease, will be limited to the lesser of benefits provided by the new product or the prior product, and the higher Deductible plan will apply. During the first ten (10) months after the effective date of the change, benefits for maternity, newborn, and congenital will be limited to the lesser benefit provided by either the new product/Deductible plan or prior product/Deductible plan. During the first six (6) months after the effective date of the change, transplant benefits will be limited to the lesser benefit provided by either the new product or prior product.

2.12 Other Premium Changes
- Premium changes due to Addition of a new Insured: resulting premium changes will occur immediately on the addition date.
- Changes in an Insured’s age are considered changes in the demographics of the Policyholder. Resulting Premium changes will occur and are assessed upon renewal date.

2.13 Duration of Coverage
Benefits are paid to the extent that an Insured receives any of the treatments covered under the Schedule of Benefits following the Effective Date, including any additional Waiting Periods and up to the date such individual no longer meets the definition of Insured.

2.14 Alterations
The Insurer may modify benefits and rates on a Class basis for this Policy at renewal date. A copy of the current Policy terms will be available to the Insured at such time.
2.15 Change of Risk
The Policyholder must inform the Company within 30 days, of any changes related to Insureds (such as change of address, Country of Residence, occupation or marital status) or of any other material changes that affect information given in connection with the application for coverage under this Policy. The Company reserves the right to alter the Policy terms, Premiums or cancel coverage for an Insured following a change of residence if it is not possible to maintain GBG’s coverage in the new Country of Residence.

2.16 Fraudulent/Unfounded Claims
If any claim under this Policy is in any respect fraudulent or unfounded, all benefits paid and/or payable in relation to that claim shall be forfeited and, if appropriate, recoverable by the Company.

2.17 Jurisdiction
This Policy shall be governed by and construed in accordance with the Laws of England and Wales and each party agrees to submit to the exclusive jurisdiction of the courts of England and Wales.

2.18 Privacy
The confidentiality of information is of paramount concern to the GBG companies. GBG complies with Data Protection Legislation and Medical Confidentiality Guidelines. Information submitted to GBG over our website is normally unprotected until it reaches us. We do share information, but only as it pertains to the administration of your health care benefits.

2.19 Settlement of Claims
All paid claims will be settled in the same currency as the Premium currency. If the Insured paid for treatment, or receives a bill for covered services in a currency other than Premium currency, including bills sent directly to the Company or its claims administrator, such payments and bills shall be converted to Premium currency at the exchange rate in effect at the time such service was rendered. The exchange rate will be determined by the Insurer acting reasonably.

2.20 Ex Gratia Payment
If the Company decides to waive any term or condition of this Policy and/or make an ex-gratia payment, the Company is not obligated to waive any future terms or conditions and make future payments for similar, identical or any benefits that are not covered by the Policy.

2.21 Transfer
If the primary Insured dies, this Policy will automatically be transferred to the oldest Insured over the age of 18 years who shall, upon the death of the primary Insured, become the primary Insured for all the purposes of this Policy and be responsible for paying the Premium.

2.22 Denial of Liability
Neither the Insurer nor the Policyholder is responsible for the quality of care received from any institution or individual. This Policy does not give the Insured any claim, right or cause of action against Insurer or Policyholder based on an act of omission or commission of a Hospital, physician or other provider of care or service.

2.23 Scope of Coverage
The Policy covers the Insured for allowable charges for covered medical services provided in the areas of coverage selected in the Policy Face Page, including Hospitalization, surgery, Outpatient services, medical treatment and medical supplies incurred while such Insured is enrolled under the Policy. Such services must be recommended or approved by a licensed medical professional. They must also be essential and Medically Necessary, in the Insurer’s judgment, for the treatment of an Insured’s injury or sickness for which insurance is provided under the Policy.

2.24 Areas of Coverage – The Policy is written on a Worldwide basis.

2.25 Schedule of Benefits and Policy Face Page
All benefits of this Policy are payable in accordance with the Schedule of Benefits and the Policy Face Page in effect at the time the services are rendered. The Schedule of Benefits and the Policy Face Page contains payment levels, benefit limitations, benefit maximums and other applicable information. Receipt of the current Schedule of Benefits and the Policy Face Page by the Policyholder shall constitute delivery to the Insured. Payment of Benefits as set forth in the Schedule of Benefits is subject to the Policy Period Deductible, Co-payments and any other limitations set forth in the Policy, unless otherwise noted.
3. ELIGIBILITY AND CONDITIONS OF COVERAGE

3.1 Policy Terms and Pre-Existing Conditions Limitation
All applications are subject to underwriting by the Insurer. Acceptance is not guaranteed. The Insurer will advise in writing if your application has been approved along with the terms and conditions of the approval. A 12-month Waiting Period will apply to all Pre-existing Conditions declared on the application. Pre-existing conditions not disclosed on the application are never covered. Consult the Policy Face Page for the terms and conditions regarding the issuance of this Policy.

3.2 Eligibility
- You must reside in Latin America or the Caribbean at the time the Policy is issued, and
- Must be 60 years or older and have not attained age 90 at the time of enrollment. There is no maximum renewal age for person's already covered under this Policy.
- Termination of the insurance of the primary member shall also cancel all coverage for dependents, except in the case of death of the primary member.
- Your eligibility date, if your application has been approved, will be determined by the Insurer.

3.3 Insured Dependents
Coverage under this Policy can be extended to the following family members. Insured dependents may include:
- The spouse or domestic partner

3.4 Waiting Period
This Policy contains a 60-day Waiting Period, during which only Illnesses or injuries caused by an Accident occurring within this period, or diseases of infectious origin that first manifest themselves within this period, will be covered.

The Insurer may waive the Waiting Period only if:
- Other medical expense insurance coverage was in effect with another company for at least one consecutive year, and
- The effective date of this Policy begins within 60 days of the expiration of the previous coverage, and
- The prior coverage is disclosed in the health application, and
- The prior Policy and a copy of the receipt for the last year's Premium payment are submitted with the health application.

Failure to notify the Insurer at the time of Application may result in a denial of the requested waiver of the waiting period.

If the Waiting Period is waived, benefits payable for any condition manifested during the first 60 days of coverage are limited, while the Policy is in effect, to the lesser benefit provided by either this Policy or the prior Policy. See Policy Face Page to determine if this Waiting Period applies to your Policy.

3.5 Residency
The permanent residence of the primary Insured and all dependents is assumed to be in a country within Latin America or the Caribbean. If the Insured or dependents change their residence to a different country, the Company must be notified in writing of their full-time residence immediately. If the Insured or dependents change permanent residency to another country, GBG retains the right to modify the Premium.

“Country of Residence” is defined as:
1. Where the Insured resides the majority of any calendar or Policy Period; or
2. Where the Insured has resided more than 180 days during any 12-month period while the Policy is in effect.

4. CLAIMS ADJUDICATION AND PRE-AUTHORIZATION PROCEDURES

4.1 Claims
All claims worldwide are subject to Usual, Customary and Reasonable charges as determined by Insurer and are processed in the order in which they are received. In order for claims payment to be made, claims must be submitted in a form acceptable to Insurer. Claim forms can be obtained from our website at latam.gbg.com.
4.1.1 Claims submitted by the provider
The claims may be submitted to Insurer directly by the institution or Provider. Claims must be submitted in the official currency where the service was rendered. Bills coming from Providers within the United States should be submitted on HCFA 1500 or UB92 formats.

4.1.2 Claims submitted by the Insured
If the Insured has already paid the institution or Provider, the Insured must submit the claim with the itemized invoices, the original paid receipts, and claim form directly to Insurer. Claims must be submitted in the official currency where the service was rendered. Photocopies will not be accepted unless the claim is submitted electronically. Insurer will reimburse the Insured in accordance with the terms of this Policy. Refer to the section 13 of this Policy (How to File a Claim) for more information. In case of the death of the claimant Insured, any outstanding medical claims reimbursements will be paid as follows:

4.1.3 Claim Payment Information
All paid claims will be available to view on Our website latam.gbg.com. You must log in and then you will have access to claim status and claim payment or Explanation of Benefit information. All communication regarding the Explanation of Benefits will be electronic. Claim payments are subject to copayments, coinsurance, Deductible and charges in excess of Usual, Customary, and Reasonable.

4.2 Releasing Necessary Information
The Insured agrees on behalf of him/herself and his Insured dependent(s), to let any physician, Hospital, pharmacy or Provider give Insurer all medical information determined by Insurer to be necessary, including a complete medical history and/or diagnosis. Insurer will keep this information confidential. In addition, by applying for coverage, the Insured authorizes Insurer to furnish any and all records respecting such Insured including complete diagnosis and medical information to an appropriate medical review board, utilization review board or organization and/or to any administrator or other insurance carrier for purposes of administration of this Policy. The Insurer may also request additional health information from the Insured.

4.3 Request for Reproduction of Records
Insurer reserves the right to charge a fee for reproductions of claims records requested by the Insured or his/her representative.

4.4 Time Limits
Requests for payment of benefits must be received in Insurer’s claims administrator office no later than 180 days following the date on which the Insured received the service. Claims received after this date will be excluded from coverage. Inquiries regarding past claims must be received within 12 months of the date of service to be considered for review.

4.5 Coordination of Benefits

Within the Country of Residence: When an Insured has another insurance Policy that provides benefits also covered under this Policy, benefits will be coordinated with the other Policy and benefits under this Policy reduced to avoid duplication of benefits. All claims incurred in the country of residence must be submitted in the first instance against the other Policy. This Policy shall only provide benefits when such benefits payable under the other Policy have been paid out and the Policy Limits of such Policy have been exhausted. In no event will more than 100% of the allowable charge and/or maximum benefit for the covered services be paid or reimbursed. The following documentation is required to coordinate benefits: Explanation of Benefits and copy of bills covered by the local insurance company containing information about the diagnosis, date of service, type of service, and covered amount.

Outside the Country of Residence: GBG will function as the primary Insurer and retains the right to collect any payment from local or other Insurers. If a travel insurance policy exists, such Policy will function as primary. For Insureds with two (2) or more international policies, the policy that has been in force the longest will be considered primary.
Special Note for U.S. Citizens: United States citizens who are eligible for U.S. Medicare benefits must apply for coverage under those benefits for medical and prescription services obtained within the U.S.

4.6 Subrogation/Indemnity
The Insurer has a right of subrogation or reimbursement from or on behalf of an Insured to whom it has paid any claims, if such Insured has recovered all or part of such payments from a third party. Furthermore, the Insurer has the right to proceed at its own expense in the name of the Insured, against third parties who may be responsible for causing a claim under this Policy or who may be responsible for providing indemnity of benefits for any claim under the Policy.

4.7 Deductible
Deductible is the first dollar amount paid by each of the Insureds of the allowable charges for eligible medical treatment expenses during each Policy Period before the Policy benefits are paid. Deductibles for In and Out of the U.S. accumulate on a combined basis. Deductibles are shown on the medical identification card and the Policy Face Page. If the Deductible was not met in a given Policy Period, any eligible charges incurred by an Insured during the last three months of that Policy Period will be carried over to be applied towards that Insured’s Deductible for the following Policy Period, unless the family Deductible was met.

4.8 Application of Deductible
When claims are presented to the Insurer, the allowable charges will be applied towards the Deductible, and if applicable will then be calculated and reimbursed at the percentage listed on the Schedule of Benefits. Once the Deductible has been satisfied, all allowable charges will be paid at 100% of UCR up to the listed maximum amounts outlined in the Schedule of Benefits.

Note that the amount of allowable charges applied towards the Deductible also reduces the applicable benefit maximum by the same amount.

4.9 Family Deductible
There is only one Deductible per person, per Policy Period. For families we apply a maximum equivalent of the sum of two individual Deductibles on your Policy, per Policy Period.

4.10 Lifetime Maximum
Certain payments of benefits are subject to a lifetime aggregate maximum per Insured as indicated in the Schedule of Benefits, as long as the Policy remains in force. The Lifetime Maximum includes all benefit maximums specified in this Policy, including those specified in the Schedule of Benefits, Policy Face Page and in any Policy endorsements, Amendment or riders.

4.11 Pre-Authorization Requirements and Procedures
The Pre-Authorization request shall be sent to the Company within a minimum of five business days prior to the scheduled procedure or treatment date, along with the attending physician request that must include:

- Diagnosis;
- Recommended Treatment;
- Place where treatment will be performed (Institution name),
- Service date and medical fees.

Pre-Authorization is required for the following benefits. Failure to obtain Pre-Authorization will result in a 30% reduction in payment of covered expenses:

- Hospitalization
- Exams or Outpatient procedures that requires more than local anesthesia
- Oncologic Treatment in excess of $10,000
- Home Health Benefits/Home Care
- Organ, bone marrow, stem cell transplants, and other similar procedures
- Specialty treatments and highly specialized drugs
- Any condition, which do not meet the above criteria, but are expected to accumulate over $10,000 of medical treatment per Policy Period, such as, but not limited to:
  - Chronic illness
  - Ambulatory services

Medical Emergency Authorizations must be received within 72 hours of the admission or procedure. In instances of medical emergency, the Insured should go to the nearest Hospital or Provider for assistance even if that Hospital or Provider is not part of the Network. If treatment would not have been approved by the pre-authorization process, all related claims will be denied.
5. PREFERRED PROVIDER NETWORK

The Company maintains a Preferred Provider Network. For information on the Providers and facilities within the Preferred Provider Network, consult GBG at the number provided on the medical I.D. card or latam.gbg.com.

In Latin America and the Caribbean: The Insured may utilize any licensed Provider.

U.S. only:

Preferred Provider: Providers who agree to receive direct payment made by the Company.

Non-Preferred Provider: Payment to non-preferred Providers will be made through reimbursement up to the UCR, as these Providers may not accept payment made by the Company. The Provider may bill the Insured the difference between the amounts reimbursed by the Insured and the Provider’s billed charges.

In the U.S., in case of the use of a non-preferred Provider, the Company will only reimburse 70% of UCR and the remaining balance will be the Insured's responsibility

All other countries: The Insured may utilize any licensed Provider. However, we suggest the Insured contacts GBG to locate a Provider with a direct billing arrangement with the Insurer.

The Company retains the right to limit or prohibit the use of Providers, which significantly exceed Usual, Customary and Reasonable Charges.

6. HOSPITALIZATION BENEFITS

Hospitalization services include, but are not limited to, private or semi-private room and board (as listed in the Schedule of Benefits), general nursing care and the following additional facilities, services and supplies as Medically Necessary and approved and covered by the Policy: meals and special diets (only for the patient), use of operating room and related facilities, use of intensive care and cardiac units, and related services to include X-ray, laboratory and other diagnostic tests, drugs, medications, biological anesthesia and oxygen services, radiation therapy, inhalation therapy, chemotherapy and administration of blood products.

Benefits are provided per the Schedule of Benefits for Medically Necessary Inpatient Hospital care.

- Accommodations: All charges in excess of the allowable private or semi-private rate are the responsibility of the Insured.
- Intensive care units: Benefits will be provided based on the allowable charge for Medically Necessary intensive care services.

6.1 Surgical Services

Insurer will provide benefits for covered surgical services received in a Hospital, a physician’s office or other approved facility. Surgical services include operative and cutting-procedures, treatment of fractures and dislocations, and obstetrical delivery. When Medically Necessary, assistant surgical fees will be paid.

6.2 Anesthesia Services

Benefits are provided for the service of an anesthesiologist, other than the operating surgeon or his/her assistant, who administers anesthesia for a covered surgical procedure.

6.3 Inpatient Medical Services

Insurer will reimburse one physician visit per day while the Insured is a patient in a Hospital or approved Extended Care Facility. Your appeal will be reviewed and the decision made by a member of the claims staff who was not included in the original decision. Appeals involving Medical Necessity, clinical appropriateness, or Experimental or Investigational treatments will be considered by a health care professional.

For level one appeals regarding required pre-service or concurrent care coverage decision, GBG will respond with a decision within 15 calendar days. We will respond within 30 calendar days for appeals regarding a post service coverage decision. If more time or information is needed to make the decision, GBG will notify you to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

12.3.2 Level Two Appeal
If you are dissatisfied with the level one appeal decision, you may request a level two appeal. To start, follow the same process required for a level one appeal.

For appeals involving Medical Necessity, clinical appropriateness, or being Experimental or Investigational, the committee will consult with at least one physician reviewer in the same or similar specialty as the care under consideration, as determined by our medical review agent. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination or because it is considered to be Experimental or Investigational by Our medical review agent. Administrative, eligibility, or benefit coverage reductions or exclusions are not eligible for appeal under this process.

To request a review, you must notify the appeals coordinator within 180 days of your receipt of the Company’s final adverse benefit determination. The Company will then forward the file to the independent review organization. The independent review organization will render an opinion within 30 days of request.
