

TieCare International sponsors service and student awards around the world

For more than 30 years, TieCare International has continually developed and implemented benefit programs that encompass insurance through retirement planning. In addition to providing health, life, disability, travel and specialty insurance, TieCare strives to give back to the international community.

Every year, TieCare provides monetary donations for school organizations around the world to host service awards that recognize key contributors to the local and international community. Please join us in thanking our partner associations and congratulating our award winners:
